Introduction

Multiplier Event “Diversity in Education” Monday, 20th of December 2021 Online

Due to COVID-19 pandemic, the **Multiplier Event** in **Greece** for the InclEUsion project was organised online by p-consulting.gr, on **20.12.2021**. The title of the event was “**Diversity in Education**”.

The Multiplier Event was well attended and participants showed great interest in the theme of the event, which was a discussion on the current situation of migration in Greece with a focus on migrants with disabilities in education. During the event, the InclEUsion project was presented, and it was discussed how it can benefit those working with migrants with disabilities.

The number of participants reached was 13 (21 together with the speakers and the participants from p-consulting.gr) and the event was hosted at Zoom.

Co-funded by the Erasmus+
programme of the European Union

He holds a B.Sc. in Biology, M.Sc. in Genetic Toxology and Ph.D. in Hygiene-Periviral Microbiology. He has supervised more than 20 European projects (European Union, FP7, Erasmus, Interreg etc.) and has/had scientific responsibility in more than 50 research projects. He has supervised research work on issues of sensitive social groups such as migrants, Roma, etc

Co-funded by the Erasmus+
programme of the European Union

InclEUision

Project No: 2019-1-ES01-KA204-064096

- **Mr. Panagiotis G. Anastassopoulos**

Panagiotis G. Anastassopoulos is co-owner of p-consulting.gr. He is the National Representative of Greece in the European Forum for Vocational Education and Training (EfVET) for the last seven years. He is also member of several EC working groups, such as ET2020 Innovation & Digitalization from the European Commission, Technology Enhanced Learning from CEDEFOP etc. He holds a significant experience in the conceptualization and implementation of various projects in the following areas: Adult Training, Long Life Learning, e-Learning, funding startups, woman entrepreneurship, general entrepreneurship, cultural and creative sector business's funding, upskilling and reskilling professionals, DG GROW, Interreg Greece Italy etc. His skills include European project management, soft skills training, technical management of research/development projects, proposal writing at National, European and EU - Third Countries Level, good communication skills gained through participation in various workshops, conferences and meetings and leadership (currently responsible for small teams).

Promotion of the event

For the promotion of the event p-consulting was not focused only in the Region of Western Greece (where Patras is located), but also in national level as the event took place online.

The event was addressed to:

- educational organisations,
- adult educators,
- teachers,
- people working with migrants,
- professionals working with people with disabilities,
- organisations working with migrants,
- volunteers and anyone interested in learning more about this topic.

Many professionals, organisations and NGOs from all over Greece were approached, mostly through direct e-mails, personal network, messenger, social media and p-consulting's website.

Feedback on the event

Before the end of the Multiplier Event, participants were asked to evaluate the organisational aspects and the content of the event. All the participants to the event filled in the evaluation form. All of the participants were either satisfied or very satisfied with the event and its aspects.

In the question *“Will you be able to put topics presented in the workshop into practice? If yes, which ones?”* we received the following feedback:

- As i am working in a training center is was very interesting how we can have training course with immigrants and especially immigrants with dissabilities.
- I'm working in an organisation for people with dissabilities and all topics were very interesting and some issues can be adapted in our organisation.
- Some of them, for example how we can work (as teachers) with immigrants with disabilities
- Most of the information given regarding training of immigrants with disabilities
- Some of them (training of people with disabilities, especially immigrants with disabilities)
- I'm working in school and i have immigrants as students, but they are children.
- Yes, i will use many of things i learned to my work.

Additionally, in the question *“Do you have any comments about the workshop or its content?”*, we received the following feedback:

- Well organised in general.
- It was a well organised workshop
- It was a very interesting workshop.
- I would like to have more topics to be presented (more information about children with disabilities)
- I believe more time was needed and it would be better if all the participants have participated to the discussion and give their opinion and personal experiences.
- Very good and well organised workshop
- Very good workshop
- I would like more information regarding how we can teach children who are immigrants and have disabilities.
- Very interesting workshop

Conclusions

The main conclusion from the Multiplier Event is that there is a need for people to be aware of the difficulties migrants and refugees with disabilities face to integrate. During the discussion there was a share of personal experiences on the issue and with the help of the main speakers there were explored the reasons about it.

Analyzing the feedback of participants, we can see that there is a great need for methods and tools to work with migrants with disabilities in education.
