1. InclEUsion Project: Update

One of the most exciting parts of developing our projects is the transnational meetings with our partners. We convene at a different site each time and enjoy the opportunity to bounce ideas off one another and learn about new cultures and points of view.

For this project, 5 transnational meetings were planned, but unluckily only the first one, which took place in Reus, Spain, could be held face-to-face with the attendance of all the partners. The following three meetings were held online because of COVID-19 and mobility restrictions, although our spirits were with our partners in Leipzig, Germany, Nicosia, Cyprus and in Patras, Greece.

Despite not being able to meet in person, these meetings were a huge success and we eagerly waiting for our next opportunities to meet with our partners in person again. It seemed that the opportunity had arrived with the 5th TM in Turin, Italy, hosted by Istituto dei Sordi. Unfortunately, some of the partner had to cancel last minute their attendance and finally the meeting took take place in a blended format.

2. The 5th Transnational Meeting in Turin

The 5th and last transnational meeting of the inclEUision project is taking place in Turin, Italy, on 9th and 10th of December.

During the meeting, that took place in a blended format, partners discussed the state of art of the project and agreed on the next steps, as well as for the sustainability and exploitation of the results after the finalization of the project.

3. Multiplier Events

At the end of November and beginning of December all the partners have organized a multiplier event to share the project results with the target groups and stakeholders, such as NGOs, schools, public authorities, immigrant associations and other interested parties.

The aim of the multiplier events was to:

- Present the results and products of the project
- Give examples of exploitation of the project results in the community

Participants had the opportunity to:

- Solve doubts about the project outputs
- Discuss about challenges faced by adult educators and social workers
- Share ideas and experiences and discuss possible future collaboration.
